## *about us*

The Long Plains Netball Club (LPNC) is located in the small country town of Long Plains, an hour north of Adelaide. The club was established in 1939 and we have a rich history of junior and senior success on the netball court.

As well as our on-court success, we are very proud of our off-court achievements such as our club facilities, club culture, as well as being involved in our local community.

## OUR CLUB VALUES

---

At the Long Plains Netball Club, we will:

- Show respect and inclusion for all abilities.
- Encourage skills development to maximise the potential of all players, coaches and umpires from junior levels upwards.
- Maintain a family friendly atmosphere and develop community spirit through a sense of belonging.
- Operate in close association with the United Football Club.
- Provide a social outlet and encourage enduring friendships.
- Recognising achievements and value the input of our players and volunteers.
- Promote fair play, good sporting values, mutual respect and a sense of fun.
- Provide a supportive environment for anyone wishing to be involved with our club, including players, umpires, coaches, volunteers, parents, relatives, members, sponsors and supporters.
- Promote healthy lifestyle through sport.

## *our mission statement*

To play a leading role in the community by promoting healthy and social interaction through the sport of netball.

We target a sustainable future by striving for sporting success and sound financial management.

# WELCOME TO SEASON 2024

Long Plains Netball Club extends a warm invitation to you to be a Sponsor of our Club for the Winter 2024 Season.

As the season kicks off, we're preparing for another successful season. Thank you to all the businesses and families who have kindly and generously sponsored and supported us in previous years. Without your generosity our club would not run.

This season we again, have an influx of junior players which is positive for a small community like Long Plains. Junior netball is something which we are dedicated and proud of, and in 2023 we reaped the rewards of that. The under 13B's took out the 2023 premiership, and we were proud that Long Plains had the highest representation of junior netballers at the Association Country Champs weekend. Our Cubs program returned with Saturday "scratch matches" to give our budding young netballers a taste of the real thing. There is plenty of optimism for the future of our club! In seniors, there has been a high turnout at the preseason sessions thus far and with the return of gun netballer Nicole Sobey as head A1 coach and Mitchell McIntyre as the 2024 A2 coach there are encouraging signs for a successful 2024 season all round.

Last season ground work for major improvements and small visible improvements were made around the club including a wind break attached to the club room seating area. But this season aim to complete our storage shed and more sheltered areas for our spectators to enjoy netball. Junior development and equipment are also on the agenda for this season. This is why sponsorship is so pivotal to the upkeep and growth of our club.

The Long Plains Netball Club appreciates all the support of our club - whether that be financial or with goods or services, and we greatly appreciate 2024 in your thoughts.

Kind regards

*Alicia Sharman*
